SHANGTIE VALVE TECHNOLOGY CO.,LTD.

ABOUT US

Shangtie Valve Technology Co., Ltd. is located in "China pump valve town" – Wenzhou Oubei, convenient transportation, is a set of design, manufacturing, sales, service professional valve manufacturers, the company mainly produces American standard, GB standard: power station valve, gate valve, globe valve, check valve, ball valve, butterfly valve, water seal valve, vacuum valve and other products.

Product specifications from NPS1/2" – NPS60"(DN15mm – DN1500mm); Nominal pressure from Class150LB – Class2500LB (PN10 – PN420); Complete specifications, diverse materials, it can be configured according to customer requirements gear drive, worm gear drive, pneumatic, electric, hydraulic, gas-liquid linkage device.

Our company has experienced more than 20 years of development, accumulated power station, petrochemical, oil refining, natural gas, pharmaceutical, paper, metallurgy and other fields of industrial valve production technology and capital, and through a variety of related product certification, products sell well in the domestic market, while actively expanding the international market, and widely recognized by customers!

Our company is a national high-tech enterprise, has obtained TS special equipment license and three system certification, but also obtained a variety of certificates, for the quality of escort, we have advanced production equipment, strong technical force, excellent scientific and technological innovation team, with the ability to design and development and system management, Each employee with its work attitude of excellence, attention to each link of the product, to improve the quality system and rigorous management system to ensure product quality, with excellent service and good reputation to repay the love of new and old customers.

We always adhere to the "integrity-based, technological innovation, quality products, warm service" business philosophy, people-oriented, scientific and technological innovation development strategy, based on professional technology, to provide users with a full range of services.

We sincerely welcome friends from all the world to visit, negotiate and exchange, let us go hand in hand, create a brilliant tomorrow.

Products collection

Gate Valve Series

Power station/vacuum valve series

Globe Valve Series

Ball valve series

Check Valve Series

Butterfly Valve Series

Qualification Certificates

The qualifications and honors obtained by Shangtie Railway are a recognition of its past achievements, as well as an encouragement and motivation for Shangtie Railway to create tomorrow's glory! Stepping towards a new level is the indomitable and never-ending belief of the Iron Man!

CONTENTS

GATE VALVE SERIES		BALL VALVE SERIES	
01-04	Z40/41 H/Y/W API Gate Valve	44-46	Ball Valve Series
05-07	Z40/41/KZ41 H/Y/W Gate Valve	47	The Main Structure, Function And Characteristics of The Ball Valve
08-09	Z940/Z941H/Y/W Electric Gate Valve	48-50	Q41/341/641/941F API Floating ball valve
10-11	Forging Steel Linner Thread And Socket Welding Gate Valve	51-52	Q347/647/947F API Trunion Mounted Ball Valve
12-13	Flat Gate Valve	53-55	Q41/Q341/Q641/Q941F Floating Ball Valve
14	DZ40/DZ41H/Y/W Low-temperature Gate Valve	56-58	Q47/Q647/Q947F Trunion Mounted Ball Valve
15	Flexible Seat Seal Gate Valve	59-61	QD47F/QD647/Q9D47F Fixed Forging Steel Ball Valve
		62	Full Welded Ball Valve
GLOBE VALVE SERIES		BUTTERFLY VALVE SERIES	
16-19	API Globe Valve	63-64	Butterfly Valve Sealing Principle
20-23	J41H/W/Y Globe Valve	65-66	Butterfly Valve Structure Characteristic
24	J11/61H/Y Welded Forged Steel Globe Valve	67-68	D3/6/973H ASME Wafer Butterfly Valve
25	WJ41H/Y/W German Standard Bellows Globe Valve	69-70	KDA3/6/971X ASME Lug Butterfly Valve
		71-72	D3/6/941H ASME Flange Butterfly Valve
		73-74	D3/6/973H GB Wafer Butterfly Valve
		75-76	D3/6/941H GB Flange Butterfly Valve
		77-78	Butt Welding Metal Seated Butterfly Valve
		79-80	Wafer Soft Seated Butterfly Valve
CHECK VALVE SERIES			
26	API Check Valve Overview		
27-28	H44H/Y/W/F/N API Cast Steel Check Valve		
29-32	H44H/W/Y Swing Check Valve		
33-35	H41H/W/Y Lift Check Valve		
POWER STATION VALVE SERIES			
36-37	High Temperature And High Pressure Whole Forging Gate Valve		
38	Z960Y Gate Valve of National Standard Power Station		
39-40	J61Y Power Station globe valve		
41	J61Y Manual power station globe valve		
42-43	H64Y Power Station Check Valve
